PICU Resuscitation Form

Pt Name ___________________________ Date ___________________________
MRN ___________________________ 9C 9N 9T 11C
Code Start Time: ___________ AM / PM
Code End Time: ___________ AM / PM
Code Outcome: □ Alive □ Dead □ ECMO

Parental Request to Cease Resuscitation? □ Y □ N

Attending ICU MD Present: □ Y-Fully □ Y-Partially □ N

RN:Pt Staffing Ratio: □ 1:1 □ 1:2

How many people in room (maximum): □ 0-5 □ 6-10 □ 11-15 □ >15

RHYTHM
□ Asystole □ PEA
□ VT □ VF
□ Sinus Tach □ JET
□ Sinus Brady □ NSR
□ A fib/flutter □ SVT
□ Other ________ SHOCKABLE RHYTHM? □ Y □ N

Time shockable rhythm detected: ___________ AM / PM
Type of electricity: □ Defibrillation □ Cardioversion
Time of first shock: ___________ AM / PM
Multiple shocks: □ Y □ N

TOOLS USED DURING CODE
□ Bag/ mask
□ Oral airway
□ Bag/ ETT
□ Quant ETCO2

INTUBATION? □ Y □ N □ Already Intubated

Meds given:
Complications: □ Multiple DL □ Airway bleeding
□ Pneumothorax
□ >20% drop in O₂ saturation
□ Intubated by anesthesia

Appropriate PPV rate: □ Y □ N □ Inconsistent

AIRWAY/BREATHING

CIRCULATION
□ Fluid bolus
□ Electrolyte bolus
□ Cardiac med bolus

COMPRESSIONS? □ Y □ N

Duration: ___________ min
Good quality: □ Y □ N □ Inconsistent
Unnecessary pauses: □ Y □ N
Vasc access w/i 2 min? □ Y □ N

Debriefing performed: □ Y □ N

If no, reason: □ RN busy □ No interest in debriefing
□ MD busy □ Resuscitation w/o problem
□ Other ________

Privileged information for Quality improvement. Not to be placed in patient charts.

Updated 6.30.15
**Introduction:** We’re here to learn from this event to improve ourselves as clinicians. We’d like to discuss what guided our actions during the event, with the goal of improving patient care, not assigning blame.

**Choose 1-4 focus areas and complete GAS cycle for each:**

<table>
<thead>
<tr>
<th>TEAMWORK</th>
<th>MEDICAL MANAGEMENT</th>
<th>ENVIRONMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>□ Closed loop communication</td>
<td>□ Adherence to PALS algorithms</td>
<td>□ Medication availability</td>
</tr>
<tr>
<td>□ Clear messages</td>
<td>□ Effective ventilation</td>
<td>□ Equipment available/functioning</td>
</tr>
<tr>
<td>□ Clear roles</td>
<td>□ High quality chest compressions</td>
<td>□ Noise interference</td>
</tr>
<tr>
<td>□ Knowing one’s limitations</td>
<td>□ Limited breaks between compressions</td>
<td>□ Crowd control</td>
</tr>
<tr>
<td>□ Knowledge-sharing</td>
<td>□ Rhythm identified and managed appropriately</td>
<td></td>
</tr>
<tr>
<td>□ Re-evaluation</td>
<td>□ Defibrillation without delay</td>
<td></td>
</tr>
<tr>
<td>□ Summarizing</td>
<td></td>
<td></td>
</tr>
<tr>
<td>□ Mutual respect</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**GAS Cycle:**

**Gather**
- Team Observations
  - Can you describe your perspective?
  - How did you think our code went?
  - What did the team do well?
  - What could we have improved?
- Leader Observations
  - I noticed that...
  - I observed that...
  - I saw that...

**Analyze**
- Done Well
  - How were we able to...
  - Why do you think we were able to...
  - Tell me a little more about...
- Needs improvement
  - Why do you think ____ occurred?
  - How could we improve...
  - What was your thinking while...
  - What prevented us from...

**Summarize**
- Team Summary
  - What are the main things we learned?
  - Can we summarize the key points?
  - What are the main take-home points?
- Leader Summary
  - Let’s summarize what we learned...
  - Here is what I think we learned...
  - The main take-home messages are...

**Debrief Leader Name:** [Name]  
**Debrief Leader Role:** MD RN RT NP  
**Debrief Recorder Name:** [Name]

**Number of Attendees:**
- [ ] PICU Fellow
- [ ] PICU Attending
- [ ] ICU RN
- [ ] Resident
- [ ] RT
- [ ] SW
- [ ] Med student
- [ ] Administrator
- [ ] Housedoc/NP
- [ ] Other

**Estimated time spent debriefing:** [Time] min

**Were there any delays in therapy?**  
 monstrate true or false:  
- [ ] Y  
- [ ] N  
  If Y, describe:

**Could the event have been prevented?**  
 monstrate true or false:  
- [ ] Y  
- [ ] N  
  If Y, how:

**What went well?**

**What could have been improved?**
